

Macon Tennis Local Play-Off Rules

Play-offs will be scheduled whenever there are different winners from each season, such as fall vs spring at a particular level, day or night. Matches are played on the day the league normally plays, if possible. Play-offs cannot be played at any level until all matches have been played and scores recorded in TennisLink.

Women:

Two teams will advance, one from the weekday league and one from the business league. If the same team wins both seasons, that team will advance to the state championships without a playoff and must choose whether to take the fall team or the spring team. If different teams win each season, they must play in a play-off against each other.

Men:

Two teams will advance: the winner from each season, fall and spring. If the same team wins both seasons, the second place teams from each season (fall and spring) will compete in a play-off to determine which will advance. If the same team comes in second both seasons, they must choose which team will advance.

If a team gives up their play-off opportunity, the next team (in order on TennisLink) will have a chance to compete in the play-offs (second place, third place teams etc.).
